Experience the Feel of TruType™ Keys
Enjoy a comfortable typing experience anywhere you use your iPad. This versatile and protective folio stand has a built-in computer-style keyboard with well-spaced TruType™ keys. A spring mechanism underneath each key ensures a tactile response with every stroke, helping you to type faster and with less error than on a touchscreen. Plus, function-specific keys let you easily copy and paste text, moderate volume and control music.

Adjustable angles allow you to find just the right position whether you're typing or viewing. To switch
